Be it enacted, etc., as follows:

SECTION 1. Section 4 of chapter 174A of the General Laws, as appearing in section 1 of chapter 614 of the acts of 1947, is hereby amended by striking out the first paragraph and inserting in place thereof the following paragraph:- This chapter shall apply to risks located in this commonwealth insured by insurance companies authorized to transact business in this commonwealth under the First, Second or Third clauses of section forty-seven of chapter ond hundred and seventy-five, even though such risks are covered by policies or contracts of insurance issued pursuant to section twenty-two A of said chapter one hundred and seventy-five providing coverage under the aforementioned and any other clauses or subdivisions, other than

subdivision (e) of the Sixth clause, of said section forty-seven of said chapter one hundred and seventy-five which, as part of the coverage thereof, insure real or personal property against loss or damage by fire at residential locations or which, as part of the coverage thereof, insure the output of a manufacturer against such loss or damage by fire at locations other than his manufacturing premises. Inland marine insurance shall be deemed to include insurance now or hereafter defined by law, or by interpretation thereof, or, if not so defined or interpreted, by ruling of the commissioner, or as established by general custom of the business, as inland marine insurance.

SECTION 2. Section 6 of said chapter 174A, as so appearing, is hereby amended by adding at the end of the following subsection:-

PROPOSED LEGISLATION

Pertaining to the classes of insurance covered by this part of the Report (Part I), the following recommendation for legislative action was made by the Commissioner of Insurance on November 1, 1955, for consideration by the General Court in its 1956 session.

Recommendation (House - No. 30)

CONDITIONAL SALES CONTRACTS - INSURANCE PREMIUMS

The Insurance Department has been the recipient of many complaints from persons who have purchased articles, principally motor vehicles, on the installment payment plan under a contract of conditional sale. These complaints have usually been that the charges for the insurance premiums involved have not been in accordance with rates filed with the Insurance Department.

Section 12 of Chapter 255 of the General Laws which governs this subject matter does not specifically require that the contract of conditional sale set forth the insurance premium. This statute simply requires that the total amount of finance charges which shall include the insurance premiums, if any, be set forth in the conditional sale contract.

The public interest requires that the insurance premium charges be specifically designated in contracts of this kind, and legislation amending Section 12 of Chapter 255 requiring conditional sale contracts to contain a specific reference to insurance premium charges is appended herewith.

HOUSE . . . . . No. 31

Accompanying the first recommendation of the Commissioner of Insurance (House, No. 30). Legal Affairs.

THE COMMONWEALTH OF MASSACHUSETTS

On August 8, 1940, Charles F. J. Condon, Esquire, 6 Beacon St., Boston, was appointed counsel for the Receiver. Prior to February 1, 1951, the accounts of this receivership were maintained by examiners of this Department. Subsequent to that date, Charles F. J. Harrington's term of office as Commissioner of Insurance terminated, however, he remained as Receiver for this company and all records and accounts were placed in his custody. On January 4, 1955, Lawrence J. Moore, Esquire, 31 Milk St., Boston, Massachusetts was appointed attorney for the Receiver.

The Commissioner's Report for 1956 will present the Receiver's account for the years 1955 and 1956.

Canton Mutual Liability Insurance Company - Lafayette E. Chamberlain, 30 State Street, Boston, was appointed temporary Receiver on December 28, 1938. This appointment was made permanent on March 10, 1939. On July 19, 1939, Charles F. J. Harrington, Commissioner of Insurance for the Commonwealth of Massachusetts, 100 Nashua Street, Boston, was appointed successor Receiver under General Laws, Chapter 175, Section 179, without additional compensation. On July 31, 1940, Patrick A. Menton, Esquire, 23 Main Street, Watertown, was appointed Counsel for the Receiver. Mr. Menton resigned as Counsel for the Receiver on June 1, 1945. Harold J. Quinlan, Esquire, 53 State Street, Boston, was appointed by the Supreme Judicial Court as successor to Mr. Menton in the capacity of Counsel for the Receiver. Prior to February 1, 1951, the accounts of this Receivership were maintained by examiners of this Department. Subsequent to that date, Charles F. J. Harrington's term of office as Commissioner of Insurance terminated, however, he remained as Receiver for this company and all accounts and records were placed in his custody.

DEPARTMENTAL RULINGS and MEMORANDA of ORDER PERTAINING to CERTAIN ACTIVITIES of FIRE, MARINE and CASUALTY COMPANIES and/or RATING ORGANIZATIONS

During 1955, in the interest of efficiency and proper administration of applicable insurance law as pertain to activities above-captioned, your Commissioner promulgated and disseminated to those concerned therewith the following rules and regulations:

March 28, 1955

Suspension of Filing Requirements

WHEREAS, the Commissioner of Insurance is authorized by Section 6 (c) of Chapter 174A of the General Laws of Massachusetts to suspend the requirement of filing as to any kind of insurance, the rates for which cannot practicably be filed before they are used; and

WHEREAS, it appears that as to certain types of proposed excess of loss coverage, to which Chapter 174A is applicable, adequate or reliable tests for passing upon rates are not available, and cannot reasonably be made available to the Department; and

WHEREAS, while such condition prevails nothing is accomplished by way of protection to companies or policyholders by requiring rate filings as to such proposed excess of loss coverage, and it is not practicable that such rates be filed before they are used;

THEREFORE, pursuant to the authority contained in Section 6(c) of Chapter 174A of the General Laws of Massachusetts, the Commissioner of Insurance hereby suspends the filing requirement of Chapter 174A with respect to excess of loss coverage subject to the following rules and regulations:

(a) There must be a retention by the insured as to each loss occurrence in an amount not less than the maximum loss reasonably to be expected during the currency of the policy after giving consideration to the loss history, construction, occupancy and protection of the properties involved; and

(b) The retention as to each loss occurrence must, in any case, be a minimum of $100,000; and

(c) The insured must warrant that the retention shall not be covered by any policy of insurance; and

(d) The coverage must relate to special situations as to which statistical justification for the rate is not reasonably obtainable; and

(e) The rate must be obtained from special analysis of the particular situation and not from application of a regular scale of rates.

The form of agreement evidencing the coverage shall be drawn in each instance to meet the requirements of the situation in the form prescribed by Sections 99 and 102A of Chapter 175 of the General Laws of Massachusetts, and two copies of each agreement purporting to meet the requirements of this regulation shall be filed with the Department for approval;

but it is not necessary for more than one participating company to submit copies of the agreement, together with a brief analysis of the account, if the others have ascertained information that such agreement has been filed with this Department.

It is to be noted that the suspension or modification of filing requirements does not suspend any of the other provisions of the rate regulatory laws or of Sections 95, 102A and other applicable sections of Chapter 175.

All companies shall keep separate records of excess of loss business and the figures relating thereto shall be recorded and reported separately.

This order shall be effective for one year from April 2, 1955.

Memorandum of Order Relative to Rate Making Data

TO COMPANIES ISSUING MASSACHUSETTS
AUTOMOBILE LIABILITY INSURANCE POLICIES:

WHEREAS, Section 113B of Chapter 175 of the General Laws provides that the Commissioner of Insurance may at any time require any company to file with him such data, statistics, schedules or information as he may deem necessary to enable him to fix and establish fair and reasonable classifications of risks and adequate, just, reasonable and non-discriminatory premium charges.

NOW, THEREFORE, it is hereby ordered that each company determine its expenditures for Massachusetts Automobile Liability Insurance for the calendar year 1954 in accordance with the Massachusetts Automobile Liability Insurance Expense Plan (copy of which Plan is attached) and enter the amounts of expenditures so determined on the attached blank form which is to be filed with the Commissioner of Insurance on or before June 15, 1955.

Joseph A. Humphreys
Commissioner of Insurance

By John H. Louden
Deputy Commissioner

NOTE: Instructions to be complied with for reportings made in 1954 and thereafter under the aforementioned "Massachusetts Automobile Liability Insurance Expense Plan" are set forth herein as follows:

INTRODUCTION

Adherence to the Instructions contained herein will be enforced.

This Plan contemplates that the company has already determined that portion of the total company expenses which is assignable to the Automobile bodily Injury line of insurance by existing regulations. It is designed to provide for:

(1) The determination of the Massachusetts portion of the Automobile Bodily Injury expenses.

(2) The allocation of the Massachusetts Automobile Bodily Injury expenses between compulsory and other than compulsory.

For Massachusetts Compulsory Automobile Bodily Injury Insurance, the expenses to be reported are direct expenses only; expenses in connection with reinsurance assumed or ceded are not to be included.

Expenses must be allocated according to either the preferred or alternative method. In the reporting form, provision is made to show the method employed to allocate the expenses of each group.

Expenses are to be reported on an incurred basis. All unpaid expenses should be segregated and grouped according to the four general divisions of expense herein dealt with and should be distributed in accordance with the provisions of this Plan.

EXPENSE GROUPS

This Plan provides for the segregation of expenses into four general groups:

I. Investigation and Adjustment of Claims
II. Acquisition, Field Supervision and Collection Expenses
III. Taxes
IV. General Expenses

The composition of each major group and the subdivisions of these groups and definitions are prescribed in detail in the following pages. No deviations will be permitted.

I. Investigation and Adjustment of Claims

These expenses are to be separated into two sub-groups:
(1) Allocated Claim Expense, and (2) Unallocated Claim Expense.

1. Allocated Claim Expense

Allocated Claim Expense represents the following expenses of a company in connection with claim settlements, which can be directly allocated to a particular claim:

a. Attorney's fees for claims in suit including salaries and traveling expenses for company attorneys engaged in the suit.

b. Court and other specific items of expense such as:
Medical examination to determine the extent of company's liability;
Expert medical or other testimony;
Laboratory and X-Ray;
Autopsy;
Stenographic;
Witnesses and Summonses;
Copies of Documents.

The following shall not be included as Allocated Claim Expense:

a. Salaries and traveling expenses of company employees; (other than amounts allocated as attorney's fees for claims in suit);

b. Overhead;

c. Adjuster's fees (fees paid to independent adjusters, of attorneys, for adjusting claims).

Method of Allocation:

Since these expenses are chargeable directly to Massachusetts Automobile Bodily Injury, the actual paid expenses shall be allocated to this line.

If an actual division of such expenses between Compulsory and "All Other" is maintained, such division shall be used, otherwise the total expense shall be divided on the basis of the number of paid or incurred claims of the calendar year for the two divisions.

2. Unallocated Claim Expense.

Unallocated Claim Expense shall comprise all expenses incurred wholly or partially in connection with the adjustment and recording of policy claims, except those specifically included in the definition of allocated claim expense. It shall include related expenses incurred in the following activities:

a. Estimating amounts of claims;
b. Paying and receiving;
c. Entering and keeping general detailed records;
d. General clerical, secretarial, office maintenance, supervisory and executive duties;
e. Handling personnel, supplies, mail, etc.;
f. All other activities reasonably attributable to the adjustment and recording of policy claims in connection with claims reported, paid and outstanding.

Method of Allocation:

Preferred - Special study of Massachusetts branch office claim expense and one or a combination of the following bases for home office claim expense:

1. Assignment of clerk-time or salary to line;
2. Number of claim payments or drafts issued or paid;
3. Overhead on field claim expense for claim supervision.

Alternative - The Massachusetts Automobile portion of the total Automobile Bodily Injury unallocated claim expense may be determined by summing the amounts obtained by:

1. Splitting 50% of the total countrywide Automobile unallocated between Massachusetts and the remainder on the number of claims arising;

2. Splitting 50% of the total countrywide Automobile unallocated between Massachusetts and the remainder on the amount of losses paid during the year plus the amount of losses outstanding at the end of the year.

In both the Preferred and Alternative methods, the further division of Massachusetts Automobile unallocated claim expense between Compulsory and "All Other" shall be made on the basis of the number of paid of incurred claims.

II. Acquisition, Field Supervision and Collection

These expenses are to be separated into two sub-groups:

(1) Commissions and Brokerage, and (2) Acquisition, Field Supervision and Collection Expenses Other Than Commissions or Brokerage.

1. Commissions or Brokerage

The items included within this heading are chargeable directly to line of business. The amount reported should represent the commissions actually incurred on Massachusetts business including fees on assigned risks. If the company does not maintain records of incurred commissions, the incurred commissions shall be determined by applying to the Massachusetts written premiums the ratio of paid Massachusetts commissions to the corresponding paid premiums. Separate computations shall be made for Compulsory and "All Other" Massachusetts business.

Allocation of Assigned Risk fees between Compulsory, All Other Bodily Injury and Property Damage shall be actual, or the percentage shown in the annual statement of the Massachusetts Assigned Risk Plan.

2. Acquisition, Field Supervision and Collection expenses other than Commission and Brokerage

This grouping of expenses shall comprise all expenses incurred wholly or partially in the following activities except amounts reported on Commissions or Brokerage:

a. Soliciting or procuring business and developing the sales field.

b. Writing policy contracts and checking and directly supervising the work of policy writers.

c. Receiving and paying of premiums and commissions; entering into or setting up records of premiums and commissions receivable and payable for collection purposes; balancing and maintaining such records; corresponding with and visiting insureds and producers for the purpose of collecting premiums or adjusting differences; checking current accounts from producers; auditing records of delinquent agents; and services of collection agencies. Do not include activities in connection with accounts receivable from and payable to branch or other offices within the company.

d. Compiling and distributing expiration lists, notices or premiums due, lists of premiums or premium balances receivable and payable, production statements for acquisition and field supervision purposes and similar data.

e. Activities of Field men; contact work related to acquisition, field supervision and collection; making contracts and agreements with producers and activities in connection with agency appointments and replacements.

Do not include: Inspection of risks by full time inspectors employed by the company; any activities in connection with adjustment of claims or audits for the purpose of premium determination.

f. Rendering service to agents and other producers, such as providing office space, personnel, telephone, etc., and obtaining agents' licenses.

g. Advertising and publicity of every nature related to acquisition, field supervision and collection.

h. Miscellaneous activities of agents, brokers and producers other than employees, when performed by them; inspections; quoting premiums; signing policies; examining and mailing policies, applications and daily reports; compiling figures for current accounts; correspondence and sundry bookkeeping and clerical work.

i. Other expenses attributable to the operations listed above: Keeping general and detail records; paying and receiving; general clerical, secretarial, office maintenance, supervisory and executive work; handling personnel, supplies, mail, etc.

Method of Allocation:

The determination of these expenses for Massachusetts Automobile should be based on such costs incurred through or in behalf of Massachusetts offices and agencies and not by pro-rating the overall or countrywide total. In order to reflect the true cost, it is desirable to distribute the expenses of each branch office separately.

Branch Office Expenses:

1. Production - shall be assigned as far as possible to individual lines or groups of lines. The division of expenses assigned to more than one line shall be made on a premium basis.

2. Administration (cashier, policy-writing, premium collection, etc.) - shall be distributed to line by a special study or according to number of premium items or number of policies.

3. Supervision - shall be distributed by line as an overhead on the salaries of the persons supervised.

Home Office Expenses:

Shall be distributed on bases similar to those outlined above for Branch Office expenses. Advertising expense shall be assigned to line on a premium basis.

The division of both Branch Office and Home Office expenses between Compulsory and "All Other" shall be made on a premium basis.

III. Taxes

These expenses are to be separated into four sub-groups:

(1) State Taxes on Premiums
(2) Insurance Department Licenses and Fees
(3) Payroll Taxes (including Old Age Benefit and Unemployment Insurance Taxes)
(4) All Other (excluding Federal Income and Real Estate)

Item (1) shall be determined by applying the Massachusetts Rate of Premium Tax to the Massachusetts Premiums Written less dividends to policyholders and return premiums.

Item (2), (3) and (4), unless chargeable to specific lines, shall be allocated on premium volume.

IV. General Expenses

This group of expenses is sub-divided into three parts:

1. Inspection

Inspection expense shall comprise all expenses included in connection with activities designed to eliminate or improve the accident or loss producing hazards of individual risks from the standpoint of both underwriting qualifications and frequency and severity of accident or loss, and accident or loss prevention work of a general or public nature designed to reduce the frequency or severity of accident or loss. It shall include dues, assessments, fees and charges or accident and loss prevention organizations and claim organizations (if engaged in accident or loss prevention work); surveys and underwriting reports; and all other expenses incurred in connection with the activities hereinbefore defined whether paid for outside services or performed by the company or its employees, and including clerical, secretarial, office maintenance, direct supervision, handling personnel, supplies, mail, etc., reasonably attributable to Inspection as above defined.

Accident prevention expenses shall include Massachusetts Automobile Bureau Accident Prevention assessments and all items listed above except surveys and underwriting reports.

This item shall be further sub-divided into (a) surveys and underwriting reports and (b) accident prevention expenses and all other.

Method of Allocation:

The cost of surveys and underwriting reports shall be on an actual or special study basis for Massachusetts Automobile. The division between Compulsory and "All Other" shall be on a premium basis.

The accident prevention dues or assessments of the Massachusetts Automobile Rating and Accident Prevention Bureau and any other dues, assessments or contributions for safety or accident prevention work applicable exclusively to Massachusetts Automobile shall be divided between Compulsory and "All Other" on a premium basis.

The Massachusetts Automobile portion of the expense of company inspections shall be determined by multiplying the number of Massachusetts Automobile inspections by the average cost per inspection. The division between Compulsory and "All Other" shall be made on a premium basis.

2. Bureau

Include under this item, dues, assessments and fees for membership in Boards, Bureaus and Associations.

This item shall be sub-divided into (a) all expenses in connection with the Massachusetts Automobile Rating and Accident Prevention Bureau (except accident prevention charges) and (b) all other.

Method of Allocation:

Massachusetts Automobile Bureau assessments shall be divided between Compulsory and "All Other" on a premium basis.

The Compulsory portion of all other Bureau expenses shall be determined on a premium basis.

3. All Other

Include under this heading all expenses in connection with Massachusetts Automobile except those included in the previous expense groups. The reporting form requires separation of these expenses into (a) Salaries and (b) All Other.

a. Salaries

Method of Allocation:

The Massachusetts Automobile salaries shall be determined not by prorating the total Automobile salaries, but by treating Massachusetts Automobile as a separate line of business in the analysis of these salaries by department or division. The methods to be used are similar to those employed to arrive at total automobile salaries in this category. The division between Compulsory and "All Other" shall be made on a premium basis.

b. All Other (including Motor Vehicle Assigned Risk Plan)

The allocation of these items shall follow the allocation of Salaries in Section (a) above except Assigned Risk Plan which shall be actual or the percentage distribution for Compulsory, All Other Bodily Injury and Property Damage shown in the annual statement of the Massachusetts Assigned Risk Plan.

SECTION 1. The purpose of this chapter is to provide a program of group life insurance, group accidental death and dismemberment insurance for certain persons in the service of the commonwealth, and group general or blanket hospital, surgical and medical insurance for such persons and their dependents.

SECTION 2. The following words and phrases as used in this chapter shall have the following meanings:-

(a) "Commission", the state employees' group insurance commission.

(b) "Employee", any person in the service of the commonwealth, whether such person be employed, appointed or elected by popular vote; provided, the duties of such person require that his time be devoted to the service of the commonwealth during the regular work week of permanent employees, except that persons elected by popular vote will be considered employees during the entire term for which they are elected, regardless of hours devoted to the service of the commonwealth. By way of illustration but not limitation, a person appointed or elected by popular vote shall include employees of the general court, state officials, constitutional officers and members of the general court, but shall in no event be construed to include members of the judiciary, seasonal employees or emergency employees. A determination by the commission that a person is eligible for participation in the plan of insurance shall be final and shall be binding on all parties.

(c) "Employer", the commonwealth of Massachusetts.

(d) "Dependents", an employee's spouse and an employee's unmarried children under nineteen years of age.

SECTION 3. There shall be established within the commission on administration and finance, but not under its jurisdiction, a special unpaid commission, to be known as the state employees' group insurance commission, consisting of the commissioner of administration, the commissioner of insurance, and three members to be appointed by the governor, with the advice and consent of the council. At least one member appointed by the governor shall be a state employee, and not more than two appointive members of the commission shall be members of the same political party. No member appointed by the governor shall be an insurance agent, broker, employee or officer of any insurance company. Upon the expiration of the term of office of any appointive member, his successor shall be appointed in like manner for a term of three years. The commission shall be provided with suitable offices in the state house and may, subject to appropriation, incur expenses and appoint an executive secretary and such other employees as may be necessary to administer the provisions of this chapter. There shall be paid by the commonwealth to each appointive member of said commission the necessary expenses actually incurred in the discharge of his official duties. The executive secretary shall be the executive and administrative officer of the commission and shall not be subject to the provisions of chapter thirty-one. The commission shall adopt such reasonable rules and regulations as may be necessary for the administration of this act and shall make an annual report to the governor and to the general court which shall be in such form as to enable employees to understand the benefits available from the insurance program, including the cost thereof.

SECTION 4. The commission shall negotiate with and purchase, on such terms as it deems to be in the best interest of the commonwealth and its employees, from one or more insurance companies, savings banks or nonprofit hospital or medical service corporations, a policy or policies of group life and accidental death and dismemberment insurance covering

persons in the service of the commonwealth, and group general or blanket insurance providing hospital, surgical and medical benefits covering persons in the service of the commonwealth and their dependents, and shall execute all agreements or contracts pertaining to said policies or any amendments thereto for and on behalf and in the name of the commonwealth. Said commission may negotiate a contract for such term not exceeding three years as it may, in its discretion, deem to be the most advantageous to the commonwealth; provided, however, that the portion of the cost of the premium per month to be borne by the commonwealth shall not exceed the estimated monthly cost for which funds have been appropriated by the general court for the then current fiscal year.

For the purposes of this chapter, any savings bank authorized to engage in the insurance business in accordance with chapter one hundred and seventy-eight and any non-profit hospital service corporation or non-profit medical corporation organized under chapter one hundred and seventy-six A or one hundred and seventy-six B shall be and is hereby authorized to enter into a reinsurance agreement as herein provided in the same manner as any other insurance company.

SECTION 5. Each employee shall be automatically insured for all insurance coverages provided under said policy or policies, commencing on the date he first becomes eligible or on the effective date of such coverage or coverages, including dependent benefits, whichever last occurs; provided, that any employee desiring not to be so insured shall, on an appropriate form prescribed by the commission, give written notice to the commission that he is not to be insured for any of such coverages, including dependent benefits, provided under such policy or policies. Such notice shall be mailed to the office of the commission at least thirty days prior to the effective date of the policy or policies insuring said employee. If the employee fails to give notice as herein provided or, in the event such employee shall have become insured before such notice has been received, the employee may withdraw, and such insurance shall cease to be effective on the first day of the month following the expiration of fifteen days from the receipt of notice of withdrawal. Every policy, whether original or renewal, shall provide, in the case of employees now covered by group insurance benefits, protection by continuing uninterrupted coverage without regard to waiting periods.

SECTION 6. The amount of group life insurance on each employee shall be two thousand dollars, and the amount of group accidental death and dismemberment insurance on each employee shall be two thousand dollars. The amount of the hospital, surgical and medical benefits to be provided each employee and his dependents shall be determined by the commission subject to the provisions of section four.

SECTION 7. Each employee to whom this chapter applies shall furnish the commission, in such form as it shall prescribe, such information as is necessary to enroll himself, or himself and his dependents, under the policy or policies of insurance.

SECTION 8. Option (d), MEMBER SURVIVOR ALLOWANCE. - At any time a member, upon his written notice on a prescribed form filed with the board prior to his death, may nominate an eligible beneficiary as specified under option (c) who, if such member dies after attaining age fifty-five and before being retired, shall receive two-thirds of the yearly amount of said option (c) allowance to which such member would have been entitled had his retirement taken place on the date of his death. A member may at any time cancel the appointment of a beneficiary nominated under this option by a written notice filed with the board prior to his death. If such member dies as a result of an accident while in the performance of his duties, with a resultant death benefit as provided for in section nine, such section shall govern. If a member dies before attaining age fifty-five and before being retired, the eligible beneficiary shall receive two-thirds of the yearly amount of said option (c) allowance to which such member would have been entitled had he attained age fifty-five at the time of his death. If a member dies before being retired, or within thirty days following the date his retirement became effective, without an eligible beneficiary nominated under either this option or under option (c) of this section, and without a beneficiary other than his spouse nominated under paragraph (c) of subdivision (2) of section eleven, and without having otherwise made disposition for his accumulated total deductions to any person other than his spouse, an election may be made by his spouse to either receive his accumulated total deductions in one sum as a cash refund under said subdivision (2) of section eleven, or to receive the member survivor benefits under this option; provided, that said spouse and the deceased member were living together at the time of his death, or that the board finds that they had been living apart for justifiable cause other than desertion or moral turpitude on the part of the spouse. The board shall notify the spouse of the right of election provided by this option and state the information which the spouse must furnish in order that the board may compute the survivor benefits. No election of the form of settlement permitted under this option shall be valid unless it is made on a prescribed form filed with the board within ninety days following the date that such notice regarding the right of election is mailed to the spouse. The board shall also, as soon as possible after it has the necessary information, inform the spouse of the approximate amount which will be payable if said spouse elects either the member survivor benefits under this option or the cash refund under subdivision (2) of section eleven.

Any eligible beneficiary or spouse having a right under this option may, within ninety days from the date that the board received notice of the death of the member, make any make-up payments which at the time of his death the member had a right to make for the purpose of obtaining credit for service rendered by the member prior to his becoming a member.

CHAP. 695 - AN ACT PROVIDING FOR MAKE-UP PAYMENTS BY MEMBERS OF CERTAIN CONTRIBUTORY RETIREMENT SYSTEMS IN ORDER TO OBTAIN CREDIT FOR CERTAIN PAST SERVICES.

WHEREAS, The deferred operation of this act would tend to defeat its purpose, which is to make immediately available the privileges conferred thereby, therefore, it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

SECTION 1. Section 3 of chapter 32 of the General Laws is hereby amended by striking out subdivision (3), as most recently amended by section 1 of Chapter 684 of the acts of 1954, and inserting in place thereof the following:-

(3) Notwithstanding his filing of notice and waiver under paragraph (b) of subdivision (2) of this section, any employee who, having or having had the

right to become a member, failed to become or elected not to become a member, may apply for and be admitted to membership if under the maximum age for his group on the date of his application; provided, that during his present period of service he had previously been eligible for membership; and any employee who, having had the right to become a member of any governmental unit other than that by which he is presently employed, and who failed to become or elected not to become a member, may apply for and be admitted to membership. No employee shall otherwise be admitted to membership except by vote of the retirement board of the system for which application is made, and then only if that board finds that his failure to become or his election not to become a member was caused by circumstances other than those generally applicable to employees. No such member shall be entitled to full credit for service rendered prior to the date of his becoming a member, unless before the date any retirement allowance becomes effective for him he shall have paid into the annuity savings fund of the system in one sum, or in instalments, upon such terms and conditions as the board may prescribe, make-up payments of an amount equal to that which would have been withheld as regular deductions from his regular compensation had he joined the system at his earliest opportunity, together with regular interest. Upon the completion of such make-up payments such member shall be entitled to all creditable service to which he would have been entitled had he joined the system when first eligible to become a member. In the event any retirement allowance becomes effective for him before the completion of such make-up payments, such member shall, in addition to credit for his actual membership service, be entitled to credit for that proportion of his service rendered prior to the date of his becoming a member which the total amount of his make-up payments actually made, together with regular interest thereon to the date his retirement allowance becomes effective, bears to the total amount of what his make-up payments, together with regular interest thereon to such latter date, would have been, had he made payment thereof in one sum on such latter date.

SECTION 2. Said section 3 of said chapter 32 is hereby further amended by striking out subdivision (5), as most recently amended by section 3 of said chapter 684, and inserting in place thereof the following:-

(5) Any member of any system who had rendered service as an employee of any governmental unit other than that by which he is presently employed, for any previous period during which the first governmental unit had no contributory retirement system or during which he had inchoate rights to a non-contributory pension or in a position which was not subject to an existing retirement system, or which was specifically excluded therefrom but which would be covered under the law now in effect, or any member who during any period of service for the governmental unit by which he is presently employed had such inchoate rights or was so excluded from membership, or any employee who had a right to become a member of an existing system in any other governmental unit and who did not exercise such right, and who, when he left the service of such other governmental unit, had such right, may, before the date any retirement allowance becomes effective for him, pay into the annuity savings fund of the system in one sum, or in instalments, upon such terms as the board may prescribe, an amount equal to that which would have been withheld as regular deductions from his regular compensation for such previous period, or most recent portion thereof, as he may elect, in no event aggregating more than twenty years, had such service been rendered in the governmental unit by which he is presently employed and in a position subject to the provisions of this chapter, or to corresponding provisions of earlier laws. In addition to the payment of such sum or instalments thereof, such member shall also pay into the annuity savings fund an amount of interest such that at the completion of such payments the value of his accumulated payments, together with regular interest thereon, actually made on account of such previous intrastate service shall equal the value of his accumulated regular deductions which

would have resulted if regular deductions had been made when regular compensation for such service was actually received. Upon the completion of such payments, such member shall receive the same credit for such period of his previous intrastate service or portion thereof elected as would have been allowed if such service had been rendered by him in the governmental unit by which he is presently employed. Such member shall furnish the board with such information as it shall require to determine the amount to be paid and the credit to be allowed under this subdivision.

SECTION 3. Said section 3 of said chapter 32 of the General Laws is hereby further amended by striking out subdivision (4), as most recently amended by section 2 of said chapter 684, and inserting in place thereof the following:- (4) Any member in service, or any member inactive on authorized leave of absence of the teachers' retirement system, or any member in the service, or any member inactive on authorized leave of absence of any other contributory retirement system who is employed in a teaching position or as a principal, supervisor or president in a school or college, or employed in the department of education as supervisor of teachers or of educational methods, who had rendered service in any other state for any previous period as a teacher, principal, supervisor or superintendent in the public day schools or other day school under exclusive public control and supervision, or as a teacher, principal, supervisor or president in a state normal school, state teachers college or like institution, or other college under exclusive public control and supervision, or who was employed in a state department of education as supervisor of teachers or of educational methods, may, before the date any retirement allowance becomes effective for him, pay into the annuity savings fund of the system in one sum, or in instalments, upon such terms and conditions as the board may prescribe, an amount equal to that which would have been withheld as regular deductions from his regular compensation for such previous period, or most recent portion thereof, as he may elect, had such service been rendered in a public school of the commonwealth and had he been a member of the teachers' retirement system during the period the service was rendered; provided, that for such service which was rendered prior to July first, nineteen hundred and fourteen, payment shall be made equal to the regular deductions which would have been withheld from his regular compensation if the teachers' retirement system, as established by chapter eight hundred and thirty-two of the acts of nineteen hundred and thirteen, had been in effect during the period the service was rendered, and the interest to July first, nineteen hundred and fourteen shall be computed at the rate of three per cent. Payment shall not be made and no credit shall be allowed for service in other states in excess of the total Massachusetts service to which the member would be entitled to receive credit if he remained in service to age sixty-five, with a maximum credit for service in other states not to exceed ten years; provided, that no credit shall be allowed and no payment shall be accepted for any service for which the member shall be entitled to receive a retirement allowance from any other state. In addition to the payment of such sum or instalments thereof, such member shall also pay into the annuity savings fund an amount of interest such that at the completion of such payments, the value of his accumulated payments, together with regular interest thereon, actually made on account of such previous out-of-state service, shall equal the value of his accumulated regular deductions which would have resulted if regular deductions had been made when regular compensation for such service was actually received. Upon the completion of such payments, such member shall receive the same credit for such period of his previous out-of-state service, or portion thereof elected, as would have been allowed if such service had been rendered by him in a public school of the commonwealth. Such member shall furnish the board with such information as it shall require to determine the amount to be paid and the credit to

be allowed under this subdivision. At the time a retirement allowance becomes due to a member or to a beneficiary under option (d) of subdivision (2) of section twelve, if the Massachusetts service on the date either retirement allowance becomes effective, or on the date the member attained age sixty-five, whichever first occurs, is less than the service in other states for which the member has paid, credit shall be allowed only for the most recent service rendered in other states equal to such Massachusetts service, and the amount paid for additional service shall be refunded with accumulated interest, refund to be made only when the retirement allowance becomes due to the member or to the beneficiary under option (d) of subdivision (2) of section twelve, and if it is found that payment has been accepted for any service for which the member is entitled to a retirement allowance from any other state, the amount paid for such service with accumulated interest shall also be refunded with no retirement credit allowed.

SECTION 4. Subdivision (6) of said section 3 of said chapter 32 is hereby amended by striking out paragraph (d), as most recently amended by section 4 of said chapter 684, and inserting in place thereof the following paragraph:- (d) any former member who is reinstated to or who re-enters the active service of the governmental unit in which he was formerly employed to serve in a position which is subject to the provision of this chapter, more than two years after the date of his last separation therefrom, but not less than two years prior to the date he will attain the maximum age for his group, may, before the date any retirement allowance becomes effective for him, pay into the annuity savings fund of the system in one sum, or in instalments, upon such terms and conditions as the board may prescribe, make-up payments of an amount equal to the accumulated regular deductions withdrawn by him, together with regular interest. Upon such re-employment and upon making such payment in one sum or upon making provision for payment thereof in instalments, as the case may be, such former member shall again become a member. Upon the completion of such make-up payments such member shall be entitled to all creditable service resulting from his previous employment. In the event any retirement allowance becomes effective for him before the completion of such make-up payments, such member shall, in addition to credit for his actual membership service rendered since the date of his last becoming a member, be entitled to credit for that portion of his previous creditable service rendered prior to such date which the total amount of his make-up payments actually made, together with regular interest thereon to the date his retirement allowance becomes effective, bears to the total amount of what his make-up payments, together with regular interest thereon to such latter date, would have been had he made payment thereof in one sum on such latter date.

SECTION 5. Subdivision (8) of said section 3 of said chapter 32 is hereby amended by striking out paragraph (b), as most recently amended by section 5 of said chapter 684, and inserting in place thereof the following paragraph:- (b) Any former member of any contributory retirement system established under the provisions of this chapter, or under corresponding provisions of earlier laws or of any special law, who subsequently becomes employed in a position in any other governmental unit in which such a system is operative, may, before the date any retirement allowance becomes effective for him, pay into the annuity savings fund of the system pertaining to his new employment in one sum, or in instalments, upon such terms and conditions as the board may prescribe, make-up payments of an amount equal to the accumulated regular deductions withdrawn by him from the system from which he last became separated, together with regular interest; provided, that such position is subject to the provisions of the law relating to the system pertain-

ing to his new employment, and that the date of commencement of his new employment is not less than two years prior to the date he will attain the maximum age for his group. Upon commencing such employment and upon making such payment in one sum, or upon making provision for payment thereof in instalments, as the case may be, such former member shall become a member of the system pertaining to his new employment. Upon the completion of such make-up payments, such member shall be entitled to all creditable service resulting from his previous employment. In the event any retirement allowance becomes effective for him before the completion of such make-up payments, such member shall, in addition to credit for his actual membership service rendered since the date of his becoming a member of the system pertaining to his new employment, be entitled to credit for that proportion of his previous creditable service attributable to his former membership in the system from which he last became separated which the total amount of his make-up payments, together with regular interest thereon to such latter date, would have been had he made payment thereof in one sum on such latter date.

SECTION 6. Subdivision (2) of section 4 of said chapter 32 is hereby amended by striking out paragraph (c), as most recently amended by section 6 of said chapter 684, and inserting in place thereof the following paragraph:-

In the event any retirement allowance becomes effective for him before the completion of such make-up payments, such member shall, in addition to credit for his actual membership service, be entitled to credit for that proportion of his service rendered prior to the date of his becoming a member which the total amount of his make-up payments actually made, together with regular interest thereon to the date his retirement allowance becomes effective, bears to the total amount of what his make-up payments, together with regular interest thereon to such latter date, would have been had he made payment thereof in one sum on such latter date.

PROPOSED LEGISLATION

Pertaining to the classes of insurance embraced in this part of the Report (Part II) the Commissioner of Insurance submitted to the General Court of Massachusetts certain recommendations for legislative action, together with draft of bill embodying the legislation recommended, on November 1, 1955, for consideration by the General Court in its 1956 session. Said recommendations and proposed legislation are incorporated herein, as follows:

Recommendation (House - No. 30)

INCREASE IN VALUATION FEES FOR LIFE INSURANCE POLICIES OF DOMESTIC COMPANIES

Under the present statute, Section 14 of Chapter 175 of the General Laws, it is required that the Commissioner of Insurance make a charge to domestic life insurance companies of two and a half mills for each one thousand dollars of insurance on life insurance policies valued by the Insurance Department. This fee has been in effect for many years.

In view of the increased cost to the Department for making these valuations, which costs have risen steadily in the last few years, it is recommended that the fee charged by the Commissioner of Insurance under Section 14 for the valuation of life insurance policies of domestic life insurance companies be increased from two and a half mills for each one thousand dollars of insurance to seven and a half mills per one thousand dollars of life insurance. Legislation to accomplish this purpose is set forth in House No. 32, as follows:

HOUSE . . . . . NO. 32

Accompanying the second recommendation of the Commissioner of Insurance (House, No. 30). Insurance.

THE COMMONWEALTH OF MASSACHUSETTS

In the Year One Thousand Nine Hundred and Fifty-Six.

AN ACT RELATIVE TO THE COLLECTION BY THE COMMISSIONER OF INSURANCE OF CHARGES AND FEES FOR THE VALUATION OF CERTAIN LIFE INSURANCE POLICIES.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

Section 14 of chapter 175 of the General Laws, as most recently amended by chapter 593 of the acts of 1945, is hereby amended by striking out the third paragraph thereof and inserting in its place the following paragraph:-

For the valuation of life policies of a domestic company as provided in section nine, seven and a half mills for each thousand dollars of insurance;

Recommendation (House - No. 30)

TAXATION OF ANNUITY PREMIUMS OF FOREIGN LIFE INSURANCE COMPANIES.

The statute relating to taxes assessed on the premiums for annuities received by life insurance companies does not apply to annuity premiums received by foreign life insurance companies on annuity contracts issued in the Commonwealth because there is a specific reference in the statute making it applicable to domestic life insurance companies only.

The present statute, Section 20 of Chapter 63 of the General Laws, by exempting foreign life insurance companies from paying taxes on premiums received from annuities issued in the Commonwealth of Massachusetts thereby confers a competitive advantage to such companies over domestic companies, and in addition there is a loss to the Commonwealth of some additional tax revenue. Legislation eliminating this preference to foreign life insurance companies is set forth in House - No. 33, as follows:

HOUSE . . . . . NO. 33

Accompanying the third recommendation of the Commissioner of Insurance (House, No. 30). Taxation.

THE COMMONWEALTH OF MASSACHUSETTS

In the Year One Thousand Nine Hundred and Fifty-Six.

AN ACT RELATING TO THE TAXATION OF LIFE INSURANCE COMPANIES.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

The second paragraph of section 20 of chapter 63 of the General Laws is hereby amended by striking out the first two sentences of said paragraph and inserting in place thereof the following: - The word "premiums" as used in this section shall include all amounts received as consideration for life insurance policies without deduction for amounts paid to other companies for reinsurance and shall include dividends applied to purchase additional insurance or to shorten the premium paying period and amounts received as consideration for annuity contracts which shall be deemed to be allocable in the same manner as policies of life insurance.

DEPARTMENTAL RULINGS and MEMORANDA of ORDER PERTAINING to CERTAIN ACTIVITIES of FIRE, MARINE and CASUALTY COMPANIES and/or RATING ORGANIZATIONS

1956 Rulings of the Commissioner of Insurance issued in the interest of efficiency and proper administration of applicable law, are set forth in this part of the Report as pertain to activities above captioned. Dissemination of same was duly made to all insurers and/or rating organizations concerned therewith, reading as follows:

Re: - Fire, Marine and Inland Marine Insurance

COMMONWEALTH OF MASSACHUSETTS
DEPARTMENT OF BANKING AND INSURANCE
DIVISION OF INSURANCE

WHEREAS, the Commissioner of Insurance is authorized by Section 6(c) of Chapter 174A of the General Laws of Massachusetts to suspend the requirement of filing as to any kind of insurance, the rates for which cannot practicably be filed before they are used; and

WHEREAS, it appears that as to certain types of proposed excess of loss coverage, to which Chapter 174A is applicable, adequate or reliable tests for passing upon rates are not available, and cannot reasonably be made available to the Department; and

WHEREAS, while such condition prevails nothing is accomplished by way of protection to companies or policyholders by requiring rate filings as to such proposed excess of loss coverage, and it is not practicable that such rates be filed before they are used;

THEREFORE, pursuant to the authority contained in Section 6(c) of Chapter 174A of the General Laws of Massachusetts, the Commissioner of Insurance hereby suspends the filing requirement of Chapter 174A with respect to excess of loss coverage subject to the following rules and regulations:

(a) There must be a retention by the insured as to each loss occurrence in an amount not less than the maximum loss reasonably to be expected during the currency of the policy after giving consideration to the loss history, construction, occupancy and protection of the properties involved; and

(b) The retention as to each loss occurence must, in any case, be a minimum of $100,000; and

(c) The insured must warrant that the retention shall not be covered by any policy of insurance; and

(d) The coverage must relate to special situations as to which statistical justification for the rate is not reasonably obtainable; and

(e) The rate must be obtained from special analysis of the particular situation and not from application of a regular scale of rates.

The form of agreement evidencing the coverage shall be drawn in each instance to meet the requirements of the situation in the form prescribed by Sections 99 and 102A of Chapter 175 of the General Laws of Massachusetts,

and two copies of each agreement purporting to meet the requirements of this regulation shall be filed with the Department for approval; but it is not necessary for more than one participating company to submit copies of the agreement, together with a brief analysis of the account, if the others have ascertained information that such agreement has been filed with this Department.

It is to be noted that the suspension or modification of filing requirements does not suspend any of the other provisions of the rate regulatory laws or of Sections 95, 102A and other applicable sections of Chapter 175.

All companies shall keep separate records of excess of loss business and the figures relating thereto shall be recorded and reported separately.

This order shall be effective for one year from April 2, 1956.

TO ALL INSURERS AUTHORIZED TO WRITE INLAND MARINE INSURANCE IN THE COMMONWEALTH OF MASSACHUSETTS:

Section E.2.(v) (4) of the Nation-wide Marine Definition as accepted and approved by the National Association of Insurance Commissioners on June 12, 1953, and promulgated by this Department by Ruling effective October 1, 1953, as interpretative of the insuring powers of companies authorized to write Inland Marine Insurance in this Commonwealth, is amended by inserting after the word "covering", in line 1, the words: - property consisting principally of - so as to read as follows:

"(4) Equipment Dealers Policies covering property consisting principally of mobile equipment consisting of binders, reapers, tractors, harvesters, harrows, tedders and other similar agricultural equipment and accessories therefor; construction equipment consisting of bulldozers, road scrapers, tractors, compressors, pneumatic tools and similar equipment and accessories therefor; but excluding motor vehicles designed for highway use."

Such policies shall exclude coverage of monies and securities, improvements and betterments of buildings, furniture, fixtures, tools and machinery of the Assured.

Note: The insurance of Equipment Dealers stock falls within the Marine classification under the section cited when the stock of such dealers consists of the equipment enumerated therein and their accessories with annual average values of 75% of the annual average values of the dealer's entire stock. In other words, the annual average values of such dealer's stock unrelated to the principal stock should not exceed more than 25% of the annual average values of his entire stock.

The effective date of this Ruling is September 1, 1956.

MASSACHUSETTS AUTOMOBILE LIABILITY INSURANCE EXPENSE PLAN
(Revision Effective for Reportings Made in 1954 and Thereafter)

INTRODUCTION

Adherence to the Instructions contained herein will be enforced.

This Plan contemplates that the company has already determined that portion of the total company expenses which is assignable to the Automobile Bodily Injury of insurance by existing regulations. It is designed to provide for:

(1) The determination of the Massachusetts portion of the Automobile Bodily Injury expenses.

(2) The allocation of the Massachusetts Automobile Bodily Injury expenses between compulsory and other than compulsory.

For Massachusetts Compulsory Automobile Bodily Injury Insurance, the expenses to be reported are direct expenses only; expenses in connection with reinsurance assumed or ceded are not to be included.

Expenses must be allocated according to either the preferred or alternative method. In the reporting form, provision is made to show the method employed to allocate the expenses of each group.

Expenses are to be reported on an incurred basis. All unpaid expenses should be segregated and grouped according to the four general divisions of expense herein dealt with and should be distributed in accordance with the provisions of this Plan.

EXPENSE GROUPS

This Plan provides for the segregation of expenses into four general groups:

I. Investigation and Adjustment of Claims
II. Acquisition, Field Supervision and Collection Expenses
III. Taxes
IV General Expenses

The composition of each major group and the subdivisions of these groups and definitions are prescribed in detail in the following pages. No deviations will be permitted.

I. Investigation and Adjustment of Claims

These expenses are to be separated into two sub-groups:(1) Allocated Claim Expense, and (2) Unallocated Claim Expense.

1. Allocated Claim Expense

Allocated Claim Expense represents the following expenses of a company in connection with claim settlements, which can be directly allocated to a particular claim:

a. Attorney's fees for claims in suit including salaries and traveling expenses for company attorneys engaged in the suit.

b. Court and other specific items of expense such as:

Medical examination to determine the extent of company's liability;

Expert medical or other testimony;

Laboratory and X-Ray;

Autopsy;

Stenographic;

Witnesses and Summonses;

Copies of Documents.

The following shall not be included as Allocated Claim Expense:

a. Salaries and traveling expenses of company employees; (other than amounts allocated as attorney's fees for claims in suit);

b. Overhead;

c. Adjuster's fees (fees paid to independent adjusters, or attorneys, for adjusting claims).

Method of Allocation:

Since these expenses are chargeable directly to Massachusetts Automobile Bodily Injury, the actual paid expenses shall be allocated to this line.

If an actual division of such expenses between Compulsory and "All Other" is maintained, such division shall be used, otherwise the total expense shall be divided on the basis of the number of paid or incurred claims of the calendar year for the two divisions.

2. Unallocated Claim Expense

Unallocated Claim Expense shall comprise all expenses incurred wholly or partially in connection with the adjustment and recording of policy claims, except those specifically included in the definition of allocated claim expense. It shall include related expenses incurred in the following activities:

a. Estimating amounts of claims;

b. Paying and receiving;

c. Entering and keeping general and detailed records;

d. General clerical, secretarial, office maintenance, supervisory and executive duties;

e. Handling personnel, supplies, mail, etc.;

f. All other activities reasonably attributable to the adjustment and recording of policy claims in connection with claims reported, paid and outstanding.

Method of Allocation:

Preferred - Special study of Massachusetts branch office claim expense and one or a combination of the following bases for home office claim expense:

1. Assignment of clerk-time or salary to line;

2. Number of claim payments or drafts issued or paid;

3. Overhead on field claim expense for claim supervision.

Alternative - The Massachusetts Automobile portion of the total Automobile Bodily Injury unallocated claim expense may be determined by summing the amounts obtained by:

1. Splitting 50% of the total countrywide Automobile unallocated between Massachusetts and the remainder on the number of claims arising;

2. Splitting 50% of the total countrywide Automobile unallocated between Massachusetts and the remainder on the amount of losses paid during the year plus the amount of losses outstanding at the end of the year.

In both the Preferred and Alternative methods, the further division of Massachusetts Automobile unallocated claim expense between Compulsory and "All Other" shall be made on the basis of the number of paid or incurred claims.

II. Acquisition, Field Supervision and Collection

These expenses are to be separated into two sub-groups:

(1) Commissions and Brokerage, and (2) Acquisition, Field Supervision and Collection Expenses Other Than Commissions or Brokerage.

1. Commissions or Brokerage

The items included within this heading are chargeable directly to line of business. The amount reported should represent the commissions actually incurred on Massachusetts business including fees on assigned risks. If the company does not maintain records of incurred commissions, the incurred commissions shall be determined by applying to the Massachusetts written premiums the ratio of paid Massachusetts commissions to the corresponding paid premiums. Separate computations shall be made for Compulsory and "All Other" Massachusetts business.

Allocation of Assigned Risk fees between Compulsory, All Other Bodily Injury and Property Damage shall be actual, or the percentage shown in the annual statement of the Massachusetts Assigned Risk Plan.

2. Acquisition, Field Supervision and Collection expenses other than Commission and Brokerage

This grouping of expenses shall comprise all expenses incurred wholly or partially in the following activities except amounts reported on Commissions or Brokerage:

a. Soliciting or procuring business and developing the sales field.

b. Writing policy contracts and checking and directly supervising the work of policy writers.

c. Receiving and paying of premiums and commissions; entering into or setting up records of premiums and commissions receivable and payable for collection purposes; balancing and maintaining such records; corresponding with and visiting insureds and producers for the purpose of collecting premiums or adjusting differences; checking current accounts from producers; auditing records of delinquent agents; and services of collection agencies. Do not include activities in connection with accounts receivable from and payable to branch or other offices within the company.

d. Compiling and distributing expiration lists, notices of premiums due, lists of premiums or premium balances receivable and payable, production statements for acquisition and field supervision purposes and similar data.

e. Activities of Field men; contact work related to acquisition, field supervision and collection; making contracts and agreements with producers and activities in connection with agency appointments and replacements.

Do not include: Inspection of risks by full time inspectors employed by the company; any activities in connection with adjustment of claims or audits for the purpose of premium determination.

f. Rendering service to agents and other producers, such as providing office space, personnel, telephone, etc., and obtaining agents' licenses.

g. Advertising and publicity of every nature related to acquisition, field supervision and collection.

h. Miscellaneous activities of agents, brokers and producers other than employees, when performed by them; inspections; quoting premiums; signing policies; examining and mailing policies, applications and daily reports; compiling figures for current accounts; correspondence and sundry bookkeeping and clerical work.

i. Other expenses attributable to the operations listed above: Keeping general and detail records; paying and receiving; general clerical, secretarial, office maintenance, supervisory and executive work; and handling personnel, supplies, mail, etc.

Method of Allocation:

The determination of these expenses for Massachusetts Automobile should be based on such costs incurred through or in behalf of Massachusetts offices and agencies and not by pro-rating the overall or countrywide total. In order to reflect the true cost, it is desirable to distribute the expenses of each branch office separately.

Branch Office Expenses:

1. Production - shall be assigned as far as possible to individual lines or groups of lines. The division of expenses assigned to more than one line shall be made on a premium basis.

2. Administration (cashier, policy-writing, premium collection, etc.) - shall be distributed to line by a special study or according to number of premium items or number of policies.

3. Supervision - shall be distributed by line as an overhead on the salaries of the persons supervised.

Home Office Expenses:

Shall be distributed on bases similar to those outlined above for Branch Office expenses. Advertising expense shall be assigned to line on a premium basis.

The division of both Branch Office and Home Office expenses between Compulsory and "All Other" shall be made on a premium basis.

III. Taxes

These expenses are to be separated into four sub-groups:

(1) State Taxes on Premiums
(2) Insurance Department Licenses and Fees
(3) Payroll Taxes (including Old Age Benefit and Unemployment Insurance Taxes)
(4) All Other (excluding Federal Income and Real Estate)

Item (1) shall be determined by applying the Massachusetts Rate of Premium Tax to the Massachusetts Premiums Written less dividends to policyholders and return premiums.

Items (2), (3) and (4), unless chargeable to specific lines, shall be allocated on premium volume.

IV. General Expenses

This group of expenses is sub-divided into three parts:

1. Inspection

Inspection expense shall comprise all expenses included in connection with activities designed to eliminate or improve the accident or loss producing hazards of individual risks from the standpoint of both underwriting qualifications and frequency and severity of accident or loss, and accident or loss prevention work of a general or public nature designed to reduce the frequency or severity of accident or loss. It shall include dues, assessments, fees and charges of accident and loss prevention organizations and claim organizations (if engaged in accident or loss prevention work); surveys and underwriting reports; and all other expenses incurred in connection with the activities hereinbefore defined whether paid for outside services or performed by the company or its employees, and including clerical, secretarial, office maintenance, direct supervision, handling personnel, supplies, mail, etc., reasonably attributable to Inspection as above defined.

Accident prevention expenses shall include Massachusetts Automobile Bureau Accident Prevention assessments and all items listed above except surveys and underwriting reports.

This item shall be further sub-divided into (a) surveys and underwriting reports and (b) accident prevention expenses and all other.

Method of Allocation:

The cost of surveys and underwriting reports shall be on an actual or special study basis for Massachusetts Automobile. The division between Compulsory and "All Other" shall be on a premium basis.

The accident prevention dues or assessments of the Massachusetts Automobile Rating and Accident Prevention Bureau and any other dues, assessments or contributions for safety or accident prevention work applicable exclusively to Massachusetts Automobile shall be divided between Compulsory and "All Other" on a premium basis.

The Massachusetts Automobile portion of the expense of company inspections shall be determined by multiplying the number of Massachusetts Automobile inspections by the average cost per inspection. The division between Compulsory and "All Other" shall be made on a premium basis.

2. Bureau

Include under this item, dues, assessments and fees for membership in Boards, Bureaus and Associations.

This item shall be sub-divided into (a) all expenses in connection with the Massachusetts Automobile Rating and Accident Prevention Bureau (except accident prevention charges) and (b) all other.

Method of Allocation:

Massachusetts Automobile Bureau assessments shall be divided between Compulsory and "All Other" on a premium basis.

The Compulsory portion of all other Bureau expenses shall be determined on a premium basis.

3. All Other

Include under this heading all expenses in connection with Massachusetts Automobile except those included in the previous expense groups. The reporting form requires separation of these expenses into (a) Salaries and (b) All Other.

a. Salaries

Method of Allocation:

The Massachusetts Automobile salaries shall be determined not by pro-rating the total Automobile salaries, but by treating Massachusetts Automobile as a separate line of business in the analysis of these salaries by department or division. The methods to be used are similar to those employed to arrive at total automobile salaries in this category. The division between Compulsory and "All Other" shall be made on a premium basis.

b. All Other (including Motor Vehicle Assigned Risk Plan)

The allocation of these items shall follow the allocation of Salaries in Section (a) above except Assigned Risk Plan which shall be actual or the percentage distribution for Compulsory, All Other Bodily Injury and Property Damage shown in the annual statement of the Massachusetts Assigned Risk Plan.

CONCLUSION

The statistical tables of this Report reflect a substantial growth of insurance companies business transacted in the Commonwealth during 1956, causing a material increase in the activities of the Division of Insurance. This increased work-load was absorbed without procurement of additional personnel, by the Commissioner's competent and loyal supervisory staff and the Department's well qualified and highly cooperative administrative personnel.

In order to attain the maximum in performance of his duties and responsibilities, your Insurance Commissioner continued to serve on a number of committees and subcommittees of the National Association of Insurance Commissioners and likewise maintained and/or acquired additional membership on standing and special study commissions of the Commonwealth's Legislature for the purpose of effectively seeing that the rights and equities of both insurance companies and the Commonwealth's buyers of insurance were appropriately respected, under the Commonwealth's regulatory insurance laws.

Respectfully submitted,

Joseph A. Humphreys
